OBJECTIVES

- introduce open source library tools and systems to all librarians and information professionals;
- help information professionals keep abreast of the latest trends and technologies which they can apply and adapt to their libraries and information centers;
- provide hands on experience to all participants from the installation and usage of the different open source integrated library systems;
- learn and use institutional repository such as DSpace;
- learn and use digital library software such as Greenstone;
- learn and use free integrated library system such as Koha.

A seminar fee of **Php 5,500.00** (for ASLP members) and **P6,000.00** (for non-ASLP members) will be charged to the participants to cover registration fee, accommodation for 2nights/3days, meals, seminar kit and certificate of attendance/participation.
